

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 9, 1996

SUBJECT: **HJR 407**

This resolution, if adopted, will urge the Department of Transportation to include 17 miles of Macon County roads within the state highway system and to assume all maintenance responsibilities.

The fiscal impact from adoption of this resolution is estimated to be minimal since it does not require any action by the department. However, if the Department of Transportation did accept these highways as part of the state system, the department estimates a recurring increase in state expenditures of \$120,000 for maintenance and a one-time expenditure of \$38.4 million to bring these highways up to state standards.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
